

# Man Flu is Not Life Threatening. Visit your after hours GP for non emergencies.

The Ministry of  
Really Useful Advice

A pretty official public service announcement.

## Do you know what to do when you're sick and your doctor is closed?

A range of night and weekend medical services are available in Melbourne's inner east which means you don't have to go to hospital for non emergencies.

Nurse On Call provides medical advice and access to services including bulk-billed home visits.  
Call 1800 022 222.

In an emergency, always call 000 immediately.

Listed below are just some of the common health issues that may be able to be treated by an after hours GP service.

Slight temperature

Vomiting

Cut arm

Sore leg/ knee/ arm/ throat

Cold/ flu

Small burns  
(burnt hand/arm/leg)

Blisters

Headache

Small breaks  
(can be seen by GPs most of the time)

Check the website to find your local after hours GP.
